APPENDIX II—References to epidemiological studies of breast cancer and alcohol and tobacco consumption and to reviews of the topic

2.1 Studies contributing to the Collaborative Group on Hormonal Factors in Breast Cancer, which collected information on both alcohol and tobacco for each woman

2.2 Studies contributing to the Collaborative Group on Hormonal Factors in Breast Cancer, which collected information about alcohol but not tobacco

2.3 Studies contributing to the Collaborative Group on Hormonal Factors in Breast Cancer, which collected information about tobacco but not alcohol

2.4 Studies including ≥500 women with breast cancer that did not contribute to the Collaborative Group on Hormonal Factors in Breast Cancer. (note: results both for alcohol and tobacco have been reported in these studies)

2.5 Studies including <500 women with breast cancer that did not contribute to the Collaborative Group on Hormonal Factors in Breast Cancer

2.6 Reviewed research on breast cancer and alcohol/tobacco consumption
