# Correction to: A randomized controlled trial of an intervention delivered by mobile phone app instant messaging to increase the acceptability of effective contraception among young people in Tajikistan

Ona McCarthy<sup>1\*</sup>, Irrfan Ahamed<sup>1</sup>, Firuza Kulaeva<sup>2</sup>, Ravshan Tokhirov<sup>2</sup>, Salokhiddin Saibov<sup>2</sup>, Marieka Vandewiele<sup>3</sup>, Sarah Standaert<sup>3</sup>, Baptiste Leurent<sup>4</sup>, Phil Edwards<sup>1</sup>, Melissa Palmer<sup>1</sup> and Caroline Free<sup>1</sup>

## Correction

After publication of the original article [1], it came to the authors' attention that there is a typo in the Results section. The following section should have read as follows:

### Participants' report of physical violence during the study.

Overall, 0.85% (4/470) reported that they experienced physical violence since being in the study (0.41% in the control and 1.32% in the intervention, **Pearson's chi2  $p = 0.28$** ).
