* Present address: Department of Epidemiology, Harvard School of Public Health, Boston, Massachusetts, USA

Volume 2, no. 3, doi:10.1128/mBio.00040-11, 2011. The contributions of two additional authors, K. A. Gould and J. Hinds, who contributed to the microarray analysis, should have been included in the original publication. We apologize unreservedly for this oversight. The byline and affiliation line should appear as shown above.
