Rachel Lowe  & Oliver J. Brady 

The original version of the Article contained an error in the Methods section in that the first sentence of the subsection ‘Epidemiological dengue data’ contained an incorrect reference to the source of data used in the study and in the Supplementary Table 1 in that incorrect links to the source of the data were provided. This has been corrected in both the PDF and HTML versions of the Article. The HTML has been updated to include a corrected version of the Supplementary Information.
